

NAMM Show+ Brand Page Details & Information

About the NAMM Show+ App

NAMM Show+ is all about visibility and lead generation for exhibiting companies. Use NAMM Show+ to put your best booth forward! Drive traffic to your brand page and space on the show floor by updating your information, adding items (products and giveaways), connecting with attendees, creating events* and more.

With the app, at any brand page level, you and your staff have access to attendee profiles and can easily filter the list to find exactly whom you'd like to meet at the show. Filter by buying power, badge type, product interest and country. ***Even if your staff cannot attend the show in person, they can use the app to connect with buyers, view data, and experience the show (free online-only access available).***

Attendees will also search for exhibitors (you) and visit brand pages before, during and after the show to make their plans and make their way to your booth. They can message you directly and/or request a time to meet (see manage meeting availability for details).

How do I get the most out of the NAMM Show+ app?

Here are some suggestions:

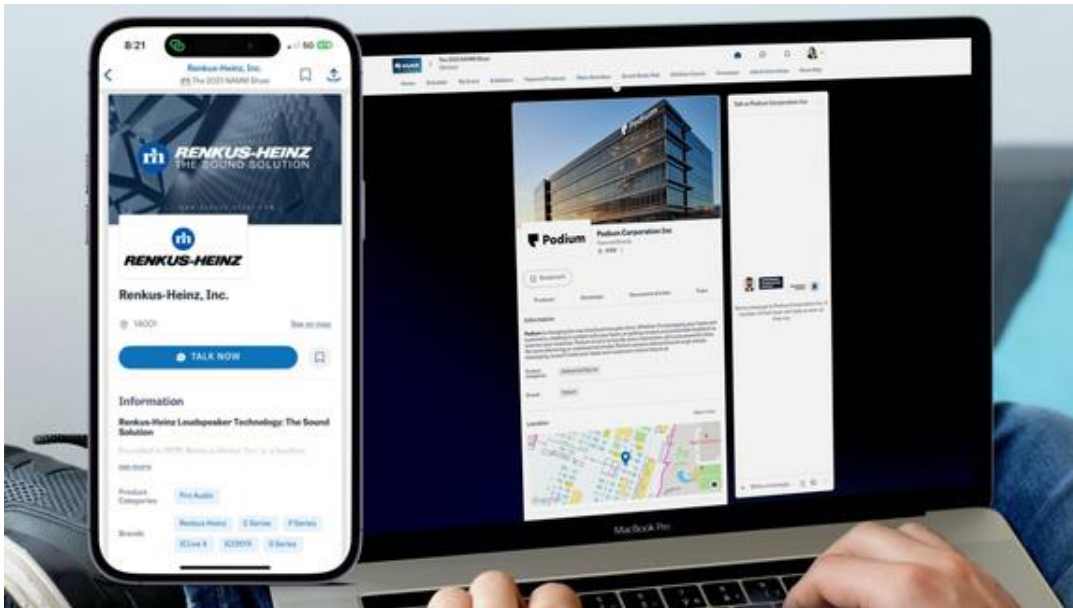

- Connect with attendees before and after the show via the 'Meet Attendees' page
- Add all your booth staff to your brand page to add their connections. *Staff not attending in person can use NAMM Show+ App to network with potential clients, view educational sessions, and help with your brand page.*
- Designate someone to answer your brand page chat and meeting requests
- Check out our [lead retrieval options](#) to add scanning capabilities to the app
- [Upgrade](#) your page to add leads through alternative actions like product views, brand page views and giveaways. Premium pages include a list of attendees that visit the page, no connections needed.
- Don't forget to export your lead list via the Exhibitor Center. You can do so at any time.
